

JUNE 2014

Hi Everyone

NEGLECTED PUPPY AND GREYHOUND:

On a recent visit to a Township in Brits, we found this **severely neglected puppy**(picture below left). **She was suffering from very bad mange all over her tiny body.** Due to the severity of the mange, **her skin started cracking and bleeding!**

On another visit to the same Township **we also came across this neglected and emaciated Greyhound**(pictures middle and right).

We took both to our vet, at Paulshof Animal clinic where they are now undergoing treatment. As soon as they have recovered, they will desperately need homes! Our sincere thanks to Greyhound rescue for taking him in until he goes to his forever home.

PLEASE help us with their medical bills!

3 LEGGED DOG:

We found this poor dog in Diepsloot Township (picture below), that had been hit by a car, **several days before we found him!** His left back leg was so **badly broken that our vet couldn't save the leg and had to amputate it.**

PLEASE also help us with all his medical bills!

He is recovering well and he is now looking for his forever home. Please contact us if you can offer him a home.

OTHER WAYS TO SUPPORT US:

Please donate all your jumble, books, house hold items and appliances, office items and garden tools and equipment to us that you do not need anymore.

SMS 4PAWS TO 38111 AND DONATE R10

Thank you and kind regards,
Merinda Brits & Sacha Fraser
